About the Programme:

Entrepreneurship can be successful taught like any other discipline-Today; there are worthwhile testimonies to this claim. Prestigious management institutes offer full-fledged courses on entrepreneurship and many students have ventured into the field but the incidence need to be enhanced.

The government of India, through its newly established Ministry of Skill Development and Entrepreneurship (MSDE) focuses on developing entrepreneurial and employability skills among the youth through entrepreneurship education and training, advocacy and easy access to entrepreneurship networks. The ministry has been also trying to develop world class learning and management system to equip potential as well as early stage entrepreneurs.

The programme is designed to train and develop professionals in the area of Entrepreneurship so that they can be a resource person in guiding and motivating young students particularly form science and technology stream, to take up entrepreneurship as their career.

This Faculty Development Programmeis aimed to provide an excellent platform for an in-depth discussion and interaction on entrepreneurial opportunities.

About the Entrepreneurship Development Institute of India (EDII):

Entrepreneurship Development Institute of India (EDII) an acknowledged National Resource Institute for entrepreneurship education, research, training and institution building - is an autonomous and not for profit institute, set up in 1983. It is sponsored by apex financial institutions viz. IDBI bank ltd, IFCI ltd, ICICI bank ltd and the state bank of India (SBI). The government of Gujarat pledged 23 acres of land on which stands the majestic and sprawling EDII campus. To pursue its mission, EDII has helped set up 12 state-level, exclusive entrepreneurship development centres and institutes.

In order to broaden the frontiers of Entrepreneurship Research, EDII has established a centre for Research in Entrepreneurship Education and Development (CREED), to investigate into a range of issues surrounding small and medium enterprise sector, and establish a network of researchers and trainers by conducting a biennial seminar on entrepreneurship education and research.

Launchpad, a learning and networking facility for students, has also been put in place where the student benefit by being a part of the entrepreneurial community and by networking with budding entrepreneurs. Also instituted are the industry verticals - a facility designed to help students explore business opportunities in various sectors. EDII offers industry verticals in about 20 areas.

The institute also hosts an incubation centre, with support from the national science and Technology Entrepreneurship Development Board (NSTEDB), Department of Science and Technology (DST), Govt. of India. Named the Centre for Advancing and Launching Enterprises or CrAdLE. This incubation centre has zeroed in on four sectors viz. manufacturing, food/agri business, renewable energy and healthcare, to promote start-ups.

EDII leads the Global Entrepreneurship Monitor (GEM) -India team. The study has emerged as the world's leading entrepreneurship study and the richest platform of entrepreneurship research.
