About Coding Club

In today's rapidly changing environment, programming skills are essential tools that can be utilized and incorporated into various fields and domains. Hence, it becomes absolutely essential to equip young minds with such skills. Coding Club aims to establish a coding culture on campus, reaching every student passionate about coding. The club's motto is to make the students to **CODE**(Create-Optimize-Debug-Execute).

Objectives:

The major objectives of this club are to

- Motivate students to learn programming with enthusiasm.
- Guide the students in solving programming problems in different points of view.
- Improve the programming skills of students by conducting more coding competitions through online platform like hacker rank.

Outcomes:

- Helps students to gain in-depth knowledge of coding.
- Helps students immensely during placements.
- Helps students to develop an aptitude for logical thinking and visualizing a problem from various perspectives and creating multiple innovative solutions.

Guidelines to the students:

- Every student should create a hacker rank account.
- Every student should share the hacker rank account credentials and profile link with the coding club.
- Strictly follow the timelines to complete the assigned task.
- Team of faculty members will guide you in completing the task.
- On regular basis students' performance will be accessed from hacker rank statistics.

- Best performers(practice/test) will be appreciated by giving a certificate/prize money and their names also will be displayed on college notice board/website.
- Information passing and guidance will be done through a separate WhatsApp group.
- Peer learning is encouraged in completing the tasks.
