V. Ruthwik Roohan	15K41A05H7		CSE C
M. Shashikrishna	15K41A04F4		ECE C

Community Partner: Kavi Raju(Police Person, SI)

Abstract:

Generally traffic police men will spent many hours in traffic by inhaling air and the sound pollution. So we decided to focus on the particular community like traffic department area because the socially serve the society. In this project our main aim is to design a product that is beneficiaries for the stake holders i.e.; traffic police men is suffering from air and sound pollution simultaneously to decrease their a pain by using a mask in which it decreases air and sound pollution respectively by an particular amount in db, microns.
